

### Portable and Powerful 4G LTE Advanced Wi-Fi Router

The GO4v6 LTE-A router offers the ultimate in portable Wi-Fi wherever your travels may take you. For more information about unlimited data plan, you can check: <https://wifinmotion.com/data-plans/>.

### Key Features

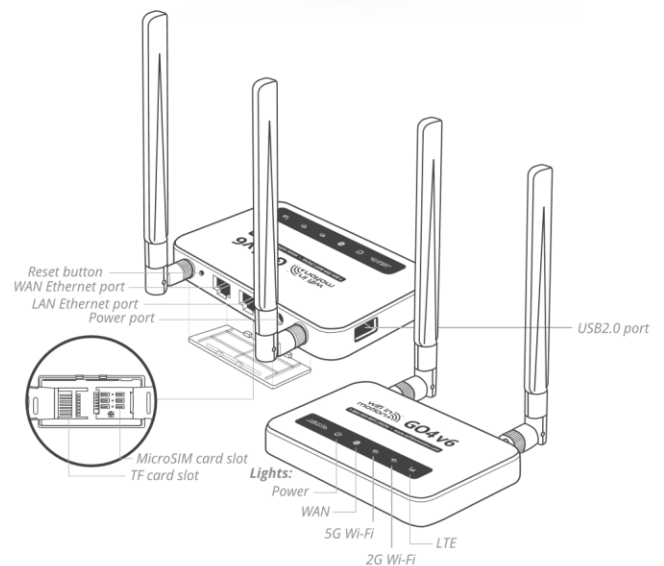

- 4G LTE-Advanced CAT 6 Router
- 2x Ethernet (1 LAN/1 WAN)
- 2 LTE-A rubber duck antennas
- 12V/1.5A power adapter
- Ethernet cable
- 802.11 a/b/g/n/ac

### Specifications

	Model Number: WIM-GO4-V6
WAN Interface	1x Embedded LTE-A CAT6 Modem w/SIM Slot 1x 10/100 Ethernet WAN Port
Ethernet Ports	2x 10/100M (1 WAN, 1 LAN)
Wi-Fi Interface	IEEE 802.11a/b/g/n/ac
Router Throughput	300Mbps(2.4GHz)+433Mbps(5GHz)
LTE-A Modem	Downlink/Uplink Datarate: 300Mbps/50Mbps
Antenna Connectors	2x SMA Cellular Antenna Connectors
Power Input	12V/1.5A power adapter
Power Consumption	<6W
Dimension/Weight	115 x 74 x 22mm / 86g
Memory/Storage	DDR2 128MB/FLASH 16MB
Operating Temperature	-20~40°C (-4~104°F)
Storage Temperature	-20~70°C (-4~158°F)
Certifications	FCC, CE, RoHS
Warranty	1-Year Limited Warranty

### Optional Accessories

*"We depend completely on being connected when we are on the road. Without reliable high-performance internet, there would be no adventures. SinglePoint's WiFi In Motion™ solution has solved our connectivity concerns; providing consistent and robust connection while on the road."*
